

# High consistency cleaner Supplementary packets with junk trap type II

## Your benefits

- + Reliable trap function
- + High wear resistance
- + Standardised trap for different high consistency cleaner
- + Minimized spare parts stock

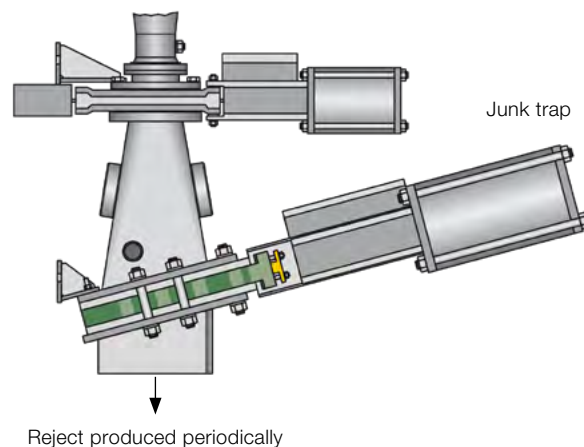

### Your requirement

You need a junk trap, which reliably functions with the rough operating conditions of this specific application.

### Our solution

An optimised junk trap, as a supplementary set for our high consistency cleaner, ready for installation:

- Clearly less wear on the slide plate due to inclined arrangement of the discharge slide valve
- Rectangular cross section of the discharge slide valve prevents particles from being clamped between casing and slide plate
- Two back flushing pipes avoid deposit formation in dead ends

### HD-Cleaner

Trap	T1 – T2	T3	S1 – S4	DR1 – DR3	D1P – D2P	D1C – D2C	DR400 – DR600
DN100 / 250, type II	•		•	•	•	•	•
DN150 / 250, type II		•					

### LC-Cleaner

Trap	KS200	KS250
DN100 / 250, type II	•	•
